FOR IMPORTANT WEATHER UPDATES

You can receive updated and current marine weather at NOAA Weather Service at:

www.srh.noaa.gov/mfl

Contact us for weather updates at **305-229-4522** for Miami and Ft. Lauderdale

Also **"Check the Tides"** at our website:

www.marinabay-fl.com/tidechart.html

Marina Bay was a proud sponsor of the 3rd Annual Waterway Soiree

that took place on May 20, 2017. This event benefits the Children's Diagnostic & Treatment Center (CDTC) in Fort Lauderdale. This organization provides medical care, case management, emergency assistance and many other services to children with special health care needs. Many of these children have disabilities or chronic illnesses and the majority of families served would be unable to provide the level of necessary care without this Center. The annual benefit featured a "yacht-hop" style dinner, followed by a dessert cruise on the beautiful M/Y "South Beach Lady". If you are interested in being involved in the 2018 Waterway Soiree or would like more information on the Children's Diagnostic & Treatment Center, take a look at these websites, www.waterwaysoiree.com or www.childrensdiagnostic.com ♣

Update on TRYP

BY WYNDHAM
 MARITIME

Have you ever wanted your friends and family to visit you, yet you know there is not sufficient room on your boat to house everyone? Take advantage of the TRYP by Wyndham Hotel on the south side of our property. You will be proud to recommend a stay in its luxury rooms. The 150 guest rooms and suites are designed to reflect a maritime point of view. Large format original artwork of South Florida's underwater splendor by noted marine ecologist and photographer Richard Murphy sets the stage for custom European teak furnishings by designer Ignacio Edenburg. Be one of the first Marina Bay residents to make a reservation! www.tryphotelfortlauderdale.com ❖

Marine Industry Day is a free event hosted by the Marine Industries Association of South Florida to celebrate Fort Lauderdale's marine industry. The event features food trucks, interactive games, activities specifically for children, along with information about the city's marine oriented businesses. For example, did you know that the marine industry employs over 110,000 people in Broward County? With such an economic impact on our community and our lives, it is important to recognize and support this industry. Come and join the 2500 people that attended the event in 2016. www.marineindustryday.org

Each summer, the City of Fort Lauderdale Parks and Recreation Department proudly presents the **Starlight Musicals concert series** sponsored by Bank of America. The concerts are all free and take place from 7:00 – 10:00 pm on the football field in Holiday Park. Each week a different local band is featured and a different local charity is highlighted. Raffle tickets are sold to benefit the charity and the winner receives anything ranging from bottles of wines to free hotel packages. Bring your lawn chairs and a cooler and enjoy the night. Check out the website for the band lineup for 2017, www.fortlauderdale.gov/departments/parks-recreation/special-events/starlight-musicals

A WORD FROM THE DOCKMASTER

Summer will be here officially this month and it is hot. Please keep in mind that this heat can take a toll on you, your crew and your vessel! Most of us know the importance of keeping hydrated and wearing sunscreen, but your vessel is affected by heat too. Some simple maintenance tips can ensure your summer plans on your vessel are not interrupted:

1. Change the oil. This is not time consuming and is frequently overlooked. While you are at it, check all fluid levels, including battery water.
2. Clean everything before and after any cruise. Any trash may mildew or rot more quickly in the heat.
3. Keep your steering components lubricated. Intense heat can rust or dry/jam certain steering parts. Take a few minutes each month and lubricate all components.
4. Ensure your life jackets and other safety equipment are up to date. Fire extinguishers and flares must be checked.

Keep in mind that this is not an exhaustive list, but just a few ideas to get you thinking about summer maintenance. Let me know if we can be of any assistance to you! – John ❖
