Boaters Brunch!

Join us for our Resident Party on Saturday, July 15th, at 1:30 p.m. in the clubhouse.

Isn't it Time to Try Rendezvous Bar & Grill Again?

When is the last time you ate at Rendezvous Bar & Grill? If the answer is not within the last week, you are missing out. We are so fortunate to have a restaurant with great food, beautiful views and fun staff. If you have dined there recently, you may have noticed some changes. They are offering more daily specials and feature fresh seafood. Try the blackened fish tacos or king crab legs! You will not be disappointed.

There is no better place to unwind at the end of the day than out on the deck overlooking the amazing marina. Happy hour specials are offered on weekdays from Noon until 7:00 pm. Avoid the traffic of Fort Lauderdale and walk from your vessel to Rendezvous Bar and Grill! ❖

Parking Notice

We have plenty of parking for our residents at Marina Bay. As such, remember that no vehicle may park in a fire lane on this property. Not only is it illegal, but it is difficult to maneuver around cars that are improperly parked. Our parking service will tow any vehicle in the fire lane and you may also receive ticket from the City. Take an extra minute and park your car in a proper parking space. ❖

OCEAN ALEXANDER

Marina Bay is pleased to welcome Ocean Alexander as a tenant! They offer a variety of amazing yachts ranging from 72' – 155', and these yachts are a beautiful addition to Marina Bay! Check out their website at www.oceanalexander.com or give them a call at 954-530-2033 ❖

Update on TRYP

BY WYNDHAM
MARITIME

As we look forward to the opening of the TRYP by Wyndham maritime hotel on the south end of our property, what can you expect from the hotel? TRYP by Wyndham is a select-service urban hotel brand with hotels in many of the most exciting cities across Europe, and North and South America, like Berlin, Frankfurt, Amsterdam, São Paulo and New York City. There are only 3 other TRYP properties in the United States at this time, but over 70 around the world. The TRYP brand caters to the traveler interested in getting to know a city and the unique aspects of the particular area. Given that Fort Lauderdale is known as the “Venice of America”, it only makes sense that the TRYP hotel would have a nautical theme. Fort Lauderdale and Marina Bay is lucky to get an up-close and personal look at this property.

Boating age-limit bill fails in Florida

A Florida bill that would have prevented youths under the age of 16 from driving a boat unless they are supervised by an adult did not pass before the legislature’s final adjournment last week. **Florida House Bill 1227** would have blocked younger boaters from operating a boat of more than 10 feet unless they were under the direct supervision of someone who is 21 or older, according to the National Marine Manufacturers Association. The bill was sponsored by state Rep. Kristin Jacobs, D-Coconut Grove. ❖

NEW DOCKS!

Our new finger piers are finally complete on Docks 1 and 7. They can accommodate vessels 55’ or less. Please call Tara or John in the Dockmaster’s Office if you are interested in a brand new slip. You cannot ask for better access to Rendezvous or the pool. ❖

A WORD FROM THE DOCKMASTER

Game Theatre

We have had several instances recently (from single phase receptacles and three phase receptacles) of shore power cords being welded to our pedestals. The main reason that this happens is that the power to the pedestal is not in the OFF position at the time of disconnection. To be very clear: Before connecting OR disconnecting shore power cords, please make sure that the pedestal power breaker is OFF. Otherwise, you will ruin your power cord and our receptacle. This is your responsibility and we will seek reimbursement from you for damage to our pedestal.

John Workman
Dockmaster

This week, I walked the docks and personally shut off over 20 circuit breakers that were left in the ON position with nothing plugged in to the pedestal. All owners, captains and crew MUST be aware of the potential for damage to the boat and the marina if this is not done.

Also, please inspect your shore power connections. If they are corroded, burned or in poor condition, please repair or replace them.

Thank you for all you do to keep Marina Bay safe! – John ❖
